B. Providers

B1. Key terms

This section explains key terms you'll see in our *Provider and Pharmacy Directory*.

- **Providers** are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term services and supports (LTSS), supplies, prescription drugs, equipment and other services.
 - The term providers also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and long-term services and supports.
 - Providers that are a part of our plan's network are called **network providers**.
- **Network providers** are the providers that have contracted with us to provide services to members in our plan. The providers in our network generally bill us directly for care they give you. When you see a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider (PCP)** is a physician, physician assistant, nurse practitioner, general practitioner, primary care clinic, or internal medicine physician who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time. Your PCP will also give you a **referral** if you need to see a specialist or other provider.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
 - Oncologists care for patients with cancer.
 - Cardiologists care for patients with heart conditions.
 - Orthopedists care for patients with certain bone, joint, or muscle conditions.
- You may need a **referral** to see a specialist or someone that is not your PCP. A **referral** means that your Primary Care Provider (PCP) must give you approval before you can see someone that is not your PCP. If you don't get a referral, Superior STAR+PLUS MMP may not cover the service.

If you have questions, please call Superior STAR+PLUS MMP at 1-866-896-1844 (TTY: 711), 8 a.m. to 8 p.m. CST, Monday through Friday. After hours, on weekends and on holidays, you may be asked to leave a message. Your call will be returned the next business day. The call is free. **For more information**, visit mmp.SuperiorHealthPlan.com.

- Referrals from network are not needed for:
 - Emergency care;
 - Urgently needed care;
 - Kidney dialysis services that you get at a Medicare-certified dialysis facility when you are outside the plan’s service area; or
 - Services from a women’s health specialist.
- Additionally, if you are eligible to get services from Indian health providers, you may see these providers without a referral. We must pay the Indian health provider for those services even if they are out of our plan’s network.
- More information on referrals is available in Chapter 3 of the *Member Handbook*.
- You also have access to a **service coordinator** and a **service coordination team** that you choose.
 - A **service coordinator** helps you manage your medical providers and services.
 - Everyone on the service coordination team works together to make sure your care is coordinated. This means that they make sure tests and labs are done once and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that he or she can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers.
 - Your **service coordination team** or your Interdisciplinary Care Team (ICT), includes you, your chosen allies or legal representative, Primary Care Provider, Service Coordinator, LTSS Coordinator or Prepaid Inpatient Health Plans (PIHP) Supports Coordinator (as applicable), and others as needed. Everyone on the service coordination team works together to make sure your care is coordinated. This means that they make sure tests and labs are done once and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that he or she can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers.

B4. How to identify providers in Superior STAR+PLUS MMP's network

You may need a referral to see someone who is not a Primary Care Provider. There is more information about referrals in Section B1 of this *Provider and Pharmacy Directory* on page 8.

You must get all of your covered services from providers within our network. If you go to providers who are not in Superior STAR+PLUS MMP's network (without prior authorization or approval from us), you will have to pay the bill.

A **prior authorization** is an approval from Superior STAR+PLUS MMP before you can get a specific service, drug, or see an out-of-network provider. Superior STAR+PLUS MMP may not cover the service or drug if you don't get approval.

The exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also go outside the plan for other non-emergency services if Superior STAR+PLUS MMP gives you permission first.

The exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also go outside the plan for other non-emergency services if Superior STAR+PLUS MMP gives you permission first.

- You may change providers within the network at any time during the year. If you have been going to one network provider, you do not have to keep going to that same provider. For some providers, you may need a referral from your PCP.
- Superior STAR+PLUS MMP works with all the providers in our network to accommodate the needs of people with disabilities. The list of network providers below includes information about the accommodations they provide.
- If you need to see a provider and are not sure if they offer the accommodations you need, Superior STAR+PLUS MMP can help you. Talk to your Service Coordinator for assistance.

D. List of network pharmacies

This part of the Directory provides a list of pharmacies in Superior STAR+PLUS MMP's network. These network pharmacies are pharmacies that have agreed to provide prescription drugs to you as a member of the plan.

We also list pharmacies that are in our network but are outside Bexar county in which you live. You may also fill your prescriptions at these pharmacies. Please contact Superior STAR+PLUS MMP at 1-866-896-1844 (TTY: 711), 8 a.m. to 8 p.m. CST, Monday through Friday, for additional information. After hours, on weekends and on holidays, you may be asked to leave a message. Your call will be returned the next business day. The call is free.

- Superior STAR+PLUS MMP members must use network pharmacies to get prescription drugs.
 - You must use network pharmacies except in emergency or urgent care situations.
 - If you go to an out-of-network pharmacy for prescriptions when it is not an emergency, you will have to pay out of pocket for the service. Read the Superior STAR+PLUS MMP *Member Handbook* for more information.
- Some network pharmacies may not be listed in this Directory.
 - Some network pharmacies may have been added or removed from our plan after this Directory was published.

For up-to-date information about Superior STAR+PLUS MMP network pharmacies in your area, please visit our web site at mmp.SuperiorHealthPlan.com or call Member Services at 1-866-896-1844 (TTY:711), 8 a.m. to 8 p.m. CST, Monday through Friday. D1. How to identify pharmacies in Superior STAR+PLUS MMP network

Along with retail pharmacies, your plan's network of pharmacies includes:

- Mail order pharmacies send covered prescription drugs to members through the mail or shipping companies.
- Home infusion pharmacies prepare prescription drugs that are given through a vein, within a muscle, or in another non-oral way by a trained provider in your home.
- Long-term care (LTC) pharmacies serve residents of long-term care facilities, such as nursing homes.
- Specialty pharmacies
- You are not required to continue going to the same pharmacy to fill your prescriptions.

You are not required to use a mail order pharmacy to fill your prescriptions.

If you have questions, please call Superior STAR+PLUS MMP at 1-866-896-1844 (TTY: 711), 8 a.m. to 8 p.m. CST, Monday through Friday. After hours, on weekends and on holidays, you may be asked to leave a message. Your call will be returned the next business day. The call is free. **For more information**, visit mmp.SuperiorHealthPlan.com.

D2. Long-term supplies of prescriptions

- **Mail Order Programs.** We offer a mail-order program that allows you to get up to a 90-day supply of your prescription drugs sent directly to your home. A 90-day supply has the same copay as a one-month supply.

E2. Mail order pharmacies

You can get prescription drugs shipped to your home through our network mail order delivery program. If the mail order pharmacy gets a prescription directly from a prescriber, they will call you first to confirm you want the drug(s). You also have the choice to sign up for automated mail order delivery. Typically, you should expect to get your prescription drugs within 10 days from the time that the mail order pharmacy gets the order. If you do not get your prescription drug(s) within this time, if you would like to cancel an automatic order, or if you need to ask for a refund for prescriptions you got that you did not want or need, please contact us at 1-866-896-1844, TTY: 711. Or call your mail order pharmacy, CVS Caremark at 1-888-624-1139, TTY: 711 or Homescrpts at 1-888-239-7690, TTY: 711.
